Surround yourself with some of the world’s most contemporary and award winning architecture at the National Centre for Synchrotron Science. Offering a light filled array of facilities available for the development of Australia’s brightest minds, the Synchrotron is an awe-inspiring hub for engaging professionals, students and researchers of the field.
ILLUMINATE YOUR EVENT

Surround yourself in Australia’s brightest and most exclusive research facility at the Australian Synchrotron.

Features include:

- State of the art auditorium featuring split screen, live feed and recording capabilities
- Outdoor patio with catering equipment and BBQ onsite
- Up to six breakout spaces, each equipped with LCD screens
- Contemporary art instalments exploring the questionable link between art and science
- Easily accessible via public transport and with extensive parking available onsite
- Newly-built guest house available to synchrotron visitors, users and clients
- Designed by Bates Smart, the light-inspired building won the 2013 Victorian Commercial Architecture Award, along with a commendation for interior architecture
- Impressionable, high-ceiling exhibition space perfect for gala dinners, end of year functions and fundraising events
